PHP 7.2

MVC PHP Frameworks

Laravel

CakePHP

#### Organisation

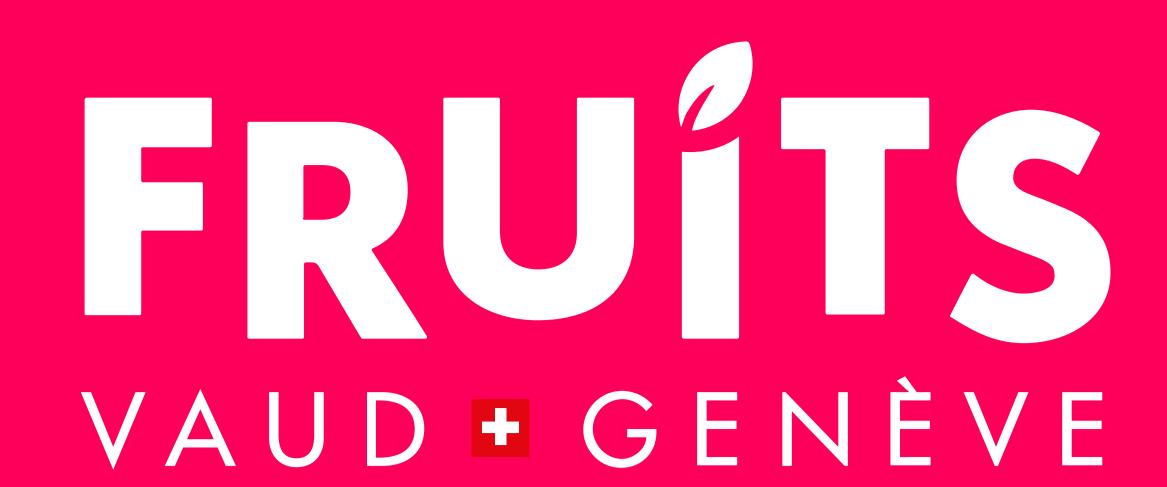

Versioning (Bitbucket / GitHub)

Agile Methodology

#### Mobile development

Cordova

Firebase

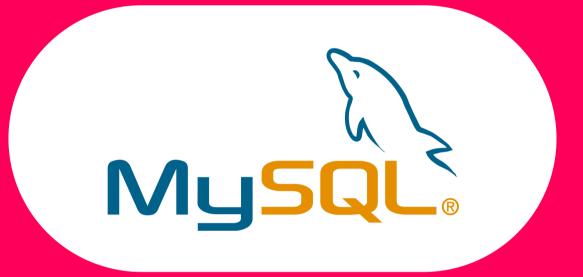

UFL (Union Fruitière Lémanique) contacted us to help bring new life to its website and increase its visibility with an emarketing campaign.

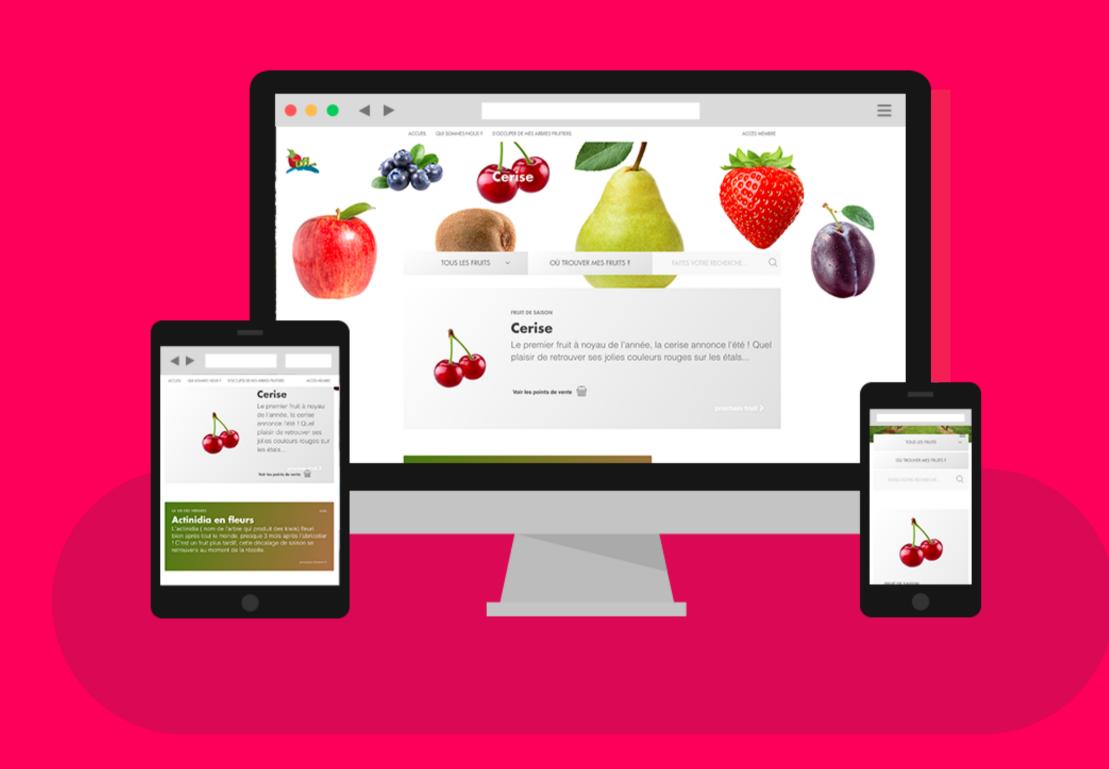

We ended up creating a website full of colours directly inspired by fruits. Beside it, we created UFL a whole new corporate identity, called now « Fruits Vaud Genève ».

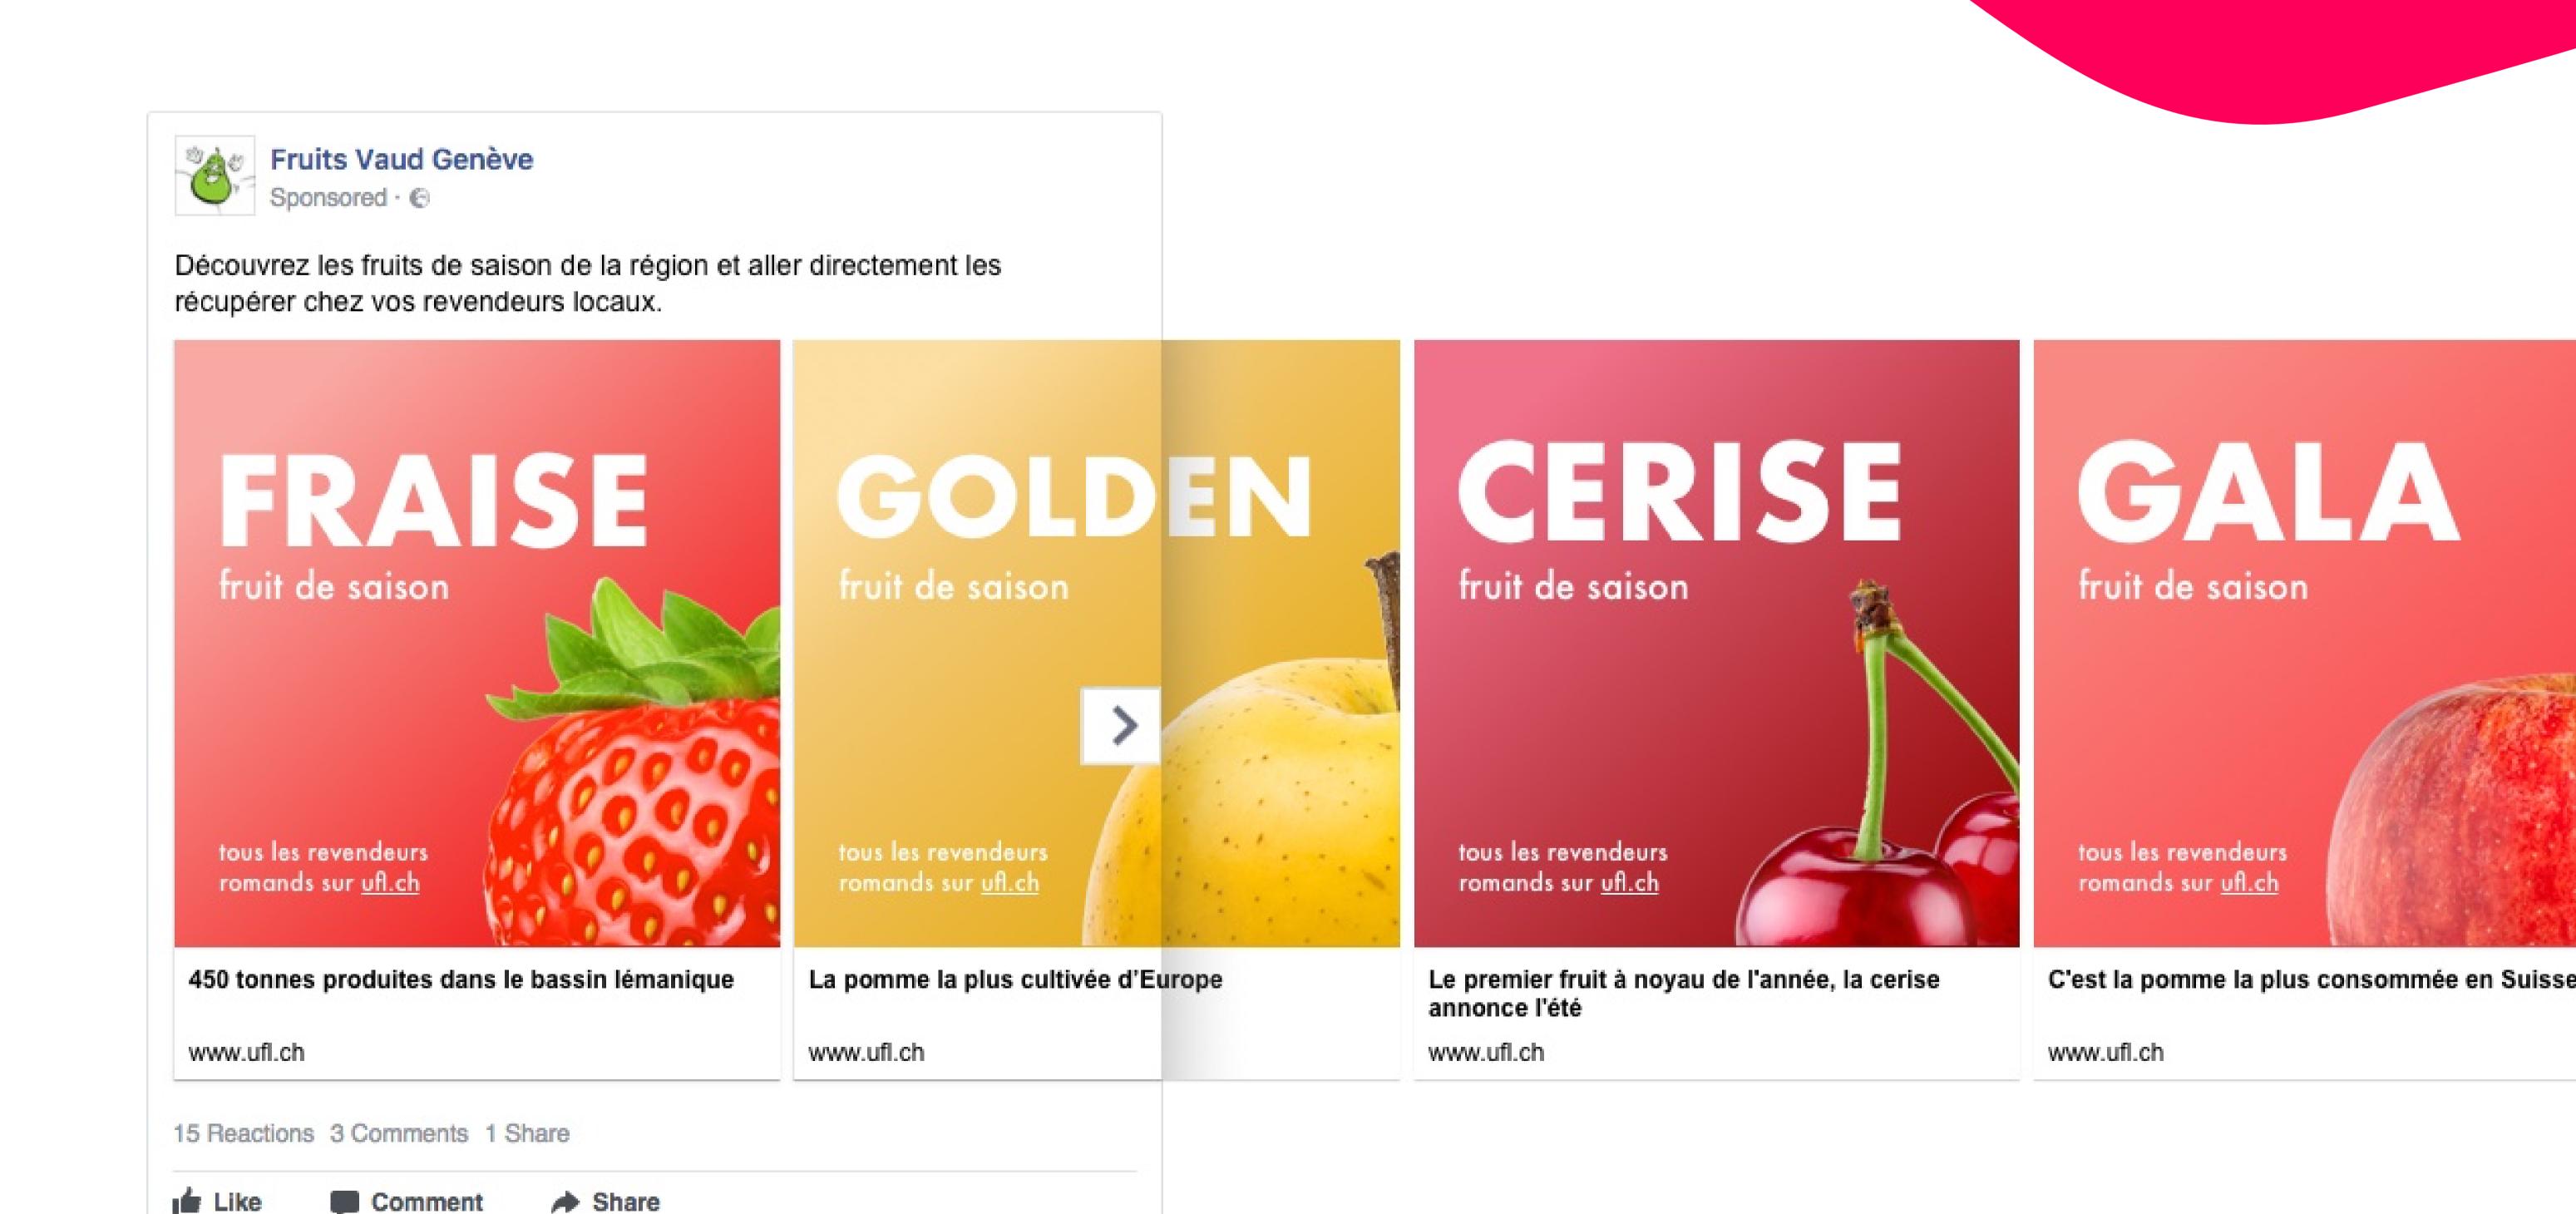

- 1 SPA Laravel Webapp and custom admin
